

Section 6:3 *Services*

6:3 Policy on Bulletin Boards and Handouts

It is the policy of the Library to provide space for the posting of notices and the display of handouts of public interest in a manner that conforms to the Library Bill of Rights.

All postings and handouts will be previewed and approved by the Library Director before they are placed in the Library. The Library Director may prohibit the posting of material, or restrict its display, based on the size of the material due to space constraints. Postings and handouts do not necessarily represent the views of the Library, and must be of general interest to the public.

Posted material and handouts will be removed when they are no longer timely.
